

Acute illness

Residentia offers personalised care plans and services to support individuals recovering from acute illnesses such as pneumonia, infections, injuries and other conditions of a temporary nature, with their activities of daily living.

Post operative care

Residentia offers services related to post operative needs such as medication control, wound care and assistance with activities of daily living during your rehabilitation period.

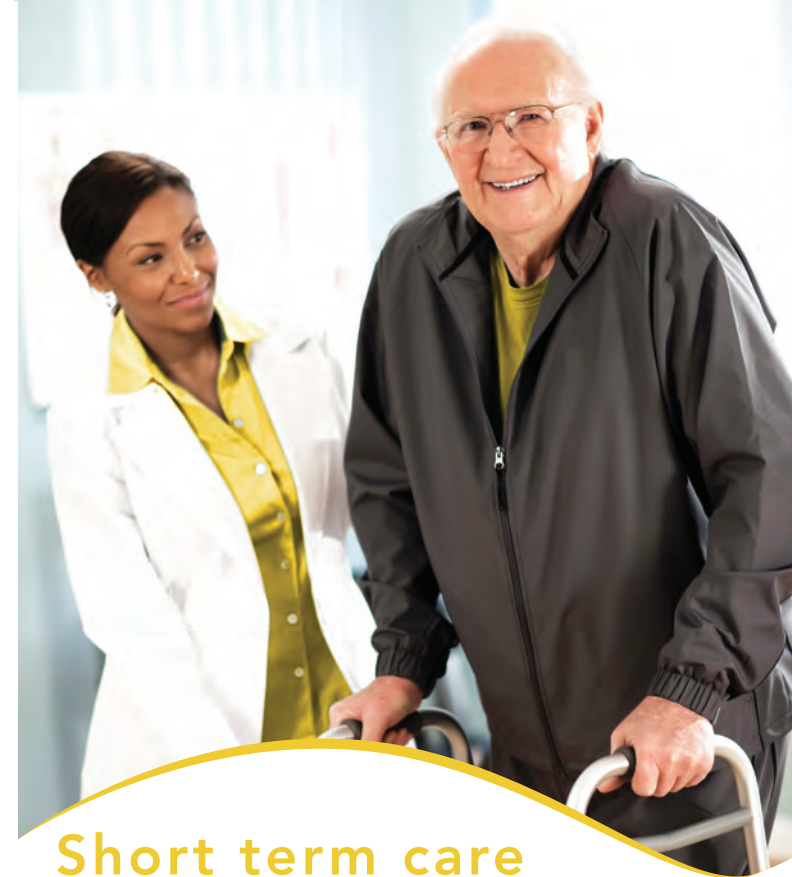

Palliative care

Residentia's professional service provides physical and emotional support to residents and their families facing the challenges associated with life threatening illnesses and end of live care.

Day-care

Residentia's day care service ensures that loved ones are cared for in a socially stimulating environment enabling family care partners to tend to other needs and responsibilities.

Day care residents can enjoy nutritional meals and engage in interactive and stimulating activities in a safe environment.

Short term care

Residentia's short term care offers excellent solutions for a number of circumstances, whether planned or unexpected.

Our comprehensive services include:

- Acute illness
- Post operative care
- Palliative care
- Day-care

Akutesorg

Residentia se akutesorg bied persoonlike sorgplanne en -dienste aan individue tydens die herstel van akute siektes soos longontsteking, infeksies, beserings en ander toestande van 'n tydelike aard, om hulle te ondersteun met hul daaglikse aktiwiteite.

Palliatiewe sorg

Residentia se professionele palliatiewe sorgdiens voorsien fisiese en emosionele ondersteuning aan inwoners en hul gesinne tydens uitdagende tye wat verband hou met lewensgevaarlike siektes en sterftebegeleiding.

Na-operatiewe sorg

Residentia na-operatiewe sorg bied dienste wat verband hou met na-operatiewe behoeftes soos medikasiebeheer, wond sorg en hulp met aktiwiteite van die daaglikse lewe in die tydperk van rehabilitasie.

Dagsorg

Residentia se dagsorgdienste verseker dat geliefdes versorg word in 'n sosiaal-stimulerende omgewing terwyl die gesin ander behoeftes en verantwoordelikhede kan aanspreek.

Dagsorginwoners geniet voedsame etes en neem deel aan interaktiewe en stimulerende aktiwiteite in 'n veilige omgewing.

Korttermynsorg

Residentia se korttermynsorg bied 'n uitstekende oplossing vir 'n aantal omstandighede, hetsy beplan of onverwags.

Ons omvattende dienste sluit in:

- Akute siektes
- Na-operatiewe versorging
- Palliatiewe sorg
- Dagsorg
